

RELEASE NOTES

16 March 2022

What's new in Version: v3.4.0.2

**ENHANCEMENTS:**

- **Application:** New data cache for immediate retrieval of duplicate data requests  
(At the bottom right corner the Medis logo in the footer, if you click on this it will clear cache and force new server requests) This will make MEO run faster
  
- **Receipt:** Optional VAT input added on

Cashier
